Welcome to GRIFFITH

A TOWN WITH COMMUNITY SPIRIT!

Our SPIRIT is our FUTURE POPULATION
12,820

GRIFFITH, INDIANA

THE TOWN THAT CAME TO THE TRACKS By Mrs. George Tovey

In 1833, after Indiana had been a state for 17 years, the first white men explored the possibilities of settling in Lake County. At that time, much of the land was swamp. A few hardy settlers like Jack Cady found high spots to build on, but most of the Griffith area was marsh and travel between Highland and Merrillville was by boat. The swamp was reclaimed largely through the efforts of a man named Hart who built ditches throughout the area to drain the water.

While the swamp land was being reclaimed, railroads were being built across this section of the county. Five of them happened to cross in one spot and this crossing soon became the reason for a town. In 1884, Peter Young, a railroader, brought an acre of land just south of where Margaret's Restaurant is now. Within two years, John Miller had built a tavern just to the north of him and Jake Miller a clothing store just to the south. Some of the needs of the local railroaders and farmers were temporarily met.

In 1891 two promoters - named Joy and Elmer Dwiggs bought the farms from the tracks north to Elm St. and laid out a town of 50' lots to sell for \$300.00 apiece. They worked hard and sold many sight unseen at the World's Fair and by mail. Others were sold to people who came by railroad on Sundays to see "Town of Griffith - Chicago's Best Factory Suburb - where there is sure growth ahead". The boom did not last long and the brothers soon left.

During the next ten years the original townspeople who were joined by some others had enough faith in the future to organize themselves and incorporate the town of Griffith in 1904. The population was then about 200. In 1911 the first portion of Franklin School was built. After this a number of more conservative real estate ventures were undertaken and Griffith began to grow at a slow but more healthy rate. As late as 1940, Spitz and Miller Insurance was the only building on the west side of the 100 block of North Broad St. Then the population of the town was about 4,000. Since 1940 the growth of the town has been fairly rapid, much like other suburban communities.

Today the population is over 13,000. Many new churches, shopping center, recreational facilities, and civic organizations have become part of "our town" in the past few years. A new Town Hall and Public Library are to be built within the next year, new additions to our schools have been made, new subdivisions have been opened. By making use of this facilities we will see part of the Dwiggs Bros. advertising become more evident - "where there is sure growth ahead." Let us never forget the past - the hard work and even the mistakes made by those who saw a town and built it - we can all help to make the town they worked for a better place to live, to enjoy, - a place to be proud to say "This is my town."

The fire department is made up of men from our town who wish to serve their community. It is true the men enjoy their work and it is possibly the only organization with a waiting list of volunteers, but don't let this fool us into thinking this is an easy or just for "kicks" job. These men have worked long hours using their many and varied talents building up a Fire Department second to none. They not only fight our fires but spent hours drilling, repairing and rebuilding the old equipment without costing the town a cent of tax money. The only aid they receive is strictly voluntary coming from organizations who raise money and donate equipment. The rest of the money raised comes from their own pockets and from tickets sold to the Fireman's Ball. Plan to attend this once a year dance and bring a friend, get to know your Firemen.

The History of our Fire Department is far too long to record here but well worth looking up.

ACTIVITIES

1. Summer recreation program for youngsters held each summer at Eldon Ready, Central Park, South Park, Wadsworth. Approximately 750 youngsters registered the past year.
2. Tennis
3. Sponsored Golf instruction at Colonial Golf Course, past year.
4. Skating Rink and Warming House. Rink is supervised.
5. We hope to have a sledding hill made at South Park this Fall. This depends on availability of fill material.
6. Horse shoe pitching at Central Park.
7. We handle reservations for picnics at all parks.

SWIMMING

Swimming Pool is in the Griffith Jr. Sr. High School.

Basic Schedule:

Saturdays 1:00 p.m.-2:00 p.m. elementary free swim; 2:00 p.m.-3:00 p.m. junior-senior free swim (if senior high enrollment is sufficient these will be separated).

Mondays 3:15 p.m.-4:15 p.m. junior high free swim.

*Wednesdays 7:00 p.m.-9:00 p.m. family free swim.

Thursdays 3:15 p.m.-4:15 p.m. senior high free swim.

*Family free swim

Children of Jr. Hi school age and under must be accompanied by at least one parent.

This program is open to any resident family of Griffith, whether they have youngsters or not. Please pass this word along to your neighbors.

Parents should remember that this program is for youngsters who already know how to swim. A swimming pool supervisor and several qualified life guards will be on duty at all times. However, parents should keep in mind that the shallowest water in the pool is four feet deep. There is no charge for these programs, but participants will need to provide their own towels and swim suits. Only Griffith residents are eligible to attend and continued participation is dependent on proper conduct and pool behavior. This schedule varies from time to time. The Griffith Shopper prints these changes in advance.

GRIFFITH STREET GUIDE

All streets are numbered from four corners in downtown Griffith. Main Street East and West, Broad Street North and South. The numbers in parenthesis following the designated street are the number of blocks from these corners. For example: Arbogast Avenue 800 East is 8 blocks East of Broad counting Lafayette one, Rensselaer two and so on. Thus you locate the 300 block of North Arbogast by using the key Main Street East as a starting point and will find the 100 block between Main Street and Columbia Street, the 200 block between Columbia Street and Lake Street, the 300 block between Lake Street and Miller Street. This key is used throughout the guide with a few exceptions in which we have tried to explain how to get to the new locations such as the Courts, Circles, etc. Use this guide with your map.

Where more than one name is listed at an address these are not according to the head of house but are in alphabetical order.

We have tried to make this as complete as possible but assume no responsibility for any errors or omissions.
